Technical Specifications
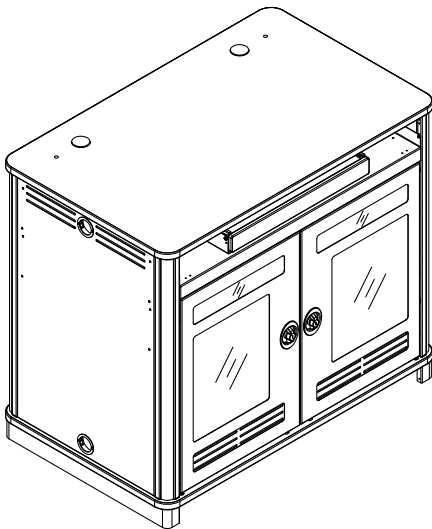

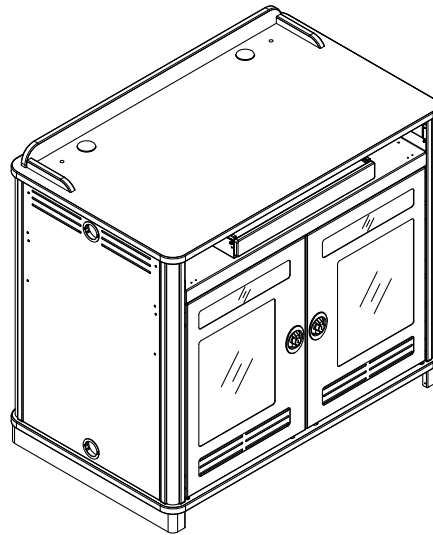

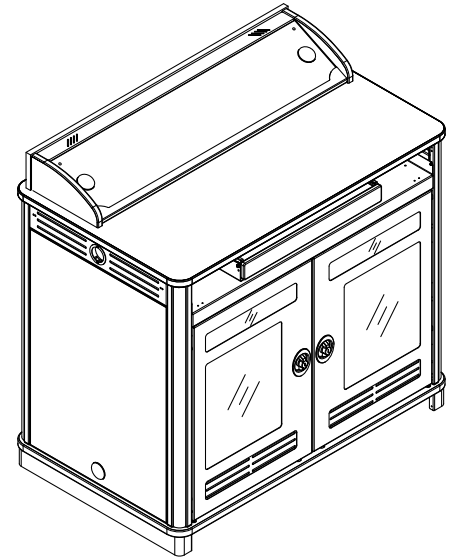

Shown with plain worksurface, metal side panels, and centered keyboard tray

Shown with surround, metal side panels, and centered keyboard tray

Shown with Overbridge Control Console, laminate side panels, and centered keyboard tray

The Director Lectern is used when multimedia equipment rack-mount storage is required. One or two optional rack cubes provide 13RU (each) of front and rear rack space and are easily accessible from the instructor and audience-sides. The worksurface is available in plain, surround, or with an overbridge. Overbridge models use an overbridge console specifically for the installation of training and presentation controls. Other options include a keyboard tray, additional 2RU rack rails, logo panel, flip-up shelves, and worksurface power module. The lectern is mobile with standard twin-wheel casters, or stationary with an optional Toe kick kit.

Features and Benefits

- Optional removable rack cubes (13RU front and 13RU rear) simplifies installation for any equipment configuration, provides mounting capabilities for multiple cooling fans (one or two cubes can be installed), and provides the ability to integrate equipment remotely before being installed into the lectern at a later date.
- Durable powder coated steel chassis provides a long-lasting finish
- Scratch and impact-resistant high-pressure laminate top provides a durable, useful worksurface for instructors
- 3" swivel Twin-Wheel (TW) casters provide mobility (2 locking)
- Locking instructor-side doors provide security, the ability to monitor internal components, and can be removed via quick-release to provide full-access to rack equipment.
- Worksurface surround provides privacy and styling
- Overbridge version allows custom cutouts and installation of presentation controllers
- Two 2" cable grommets on worksurface (two on overbridge) provide cable access to user

- Side panels are available in matching metal or laminate
- Panel under keyboard storage area provides security
- Ventilation throughout lectern helps keep equipment cool, preventing overheating, and extending device life
- Cable grommets keep wires and cords organized
- Worksurface and base panel vinyl edging protects walls and furniture
- Removable audience-side panel provides access to internal equipment
- Optional flip-up shelf provides a convenient additional worksurface (two height positions)
- Optional keyboard tray or 2RU rack rail kit can be installed under worksurface
- Optional customizable logo panel simplifies adding or changing logos
- Optional Toe kick kit with access panel is available to anchor the lectern to the floor when mobility is not necessary or required (customer-installed)
- Warranted to be free of all defects in materials and workmanship for 10 years
- Designed and assembled in Chippewa Falls, WI, USA

Color Options

Available in Spectrum Expressions colors.
See **spectrumfurniture.com** for complete color information.

Ordering Instructions

Spectrum has designed this product to receive the useful options shown here. To ensure your options are ordered correctly please call 1-800-235-1262.

Construction

- The worksurface and base panel are constructed from 1" thick composite board with .030" high-pressure laminate on one face, and a balancing phenolic backer on the opposing face
- Metal components consist of 16-gauge steel
- Worksurface edges are covered with 3mm vinyl edgeband
- All metal components are finished with a scratch-resistant powder coat epoxy
- Solid wood corner trim
- Each Director Lectern is factory-assembled with casters, packaged, and shipped on its own skid. Customer-installed base skirt.

Specifications

|	
Upper storage area (nominal)	40.57"W [103 cm] x 15.75"D [40 cm] x 4.72"H [11.98 cm]
Lower internal area (nominal)	40.75"W [103.5 cm] x 24.4"D [62 cm] x 28.7"H [72.9 cm]
Optional rack cube(s)	13RU each (one or two cubes can be installed)
3" Twin wheel casters	Weight capacity 165 lb [74.9 kg] each
Certifications / Compliance	Meets or exceeds applicable ANSI-BIFMA test standards
Unit weight (nominal)	198 lb [89.9 kg]
Shipping weight (nominal)	N/A

*Specifications subject to change without notice*
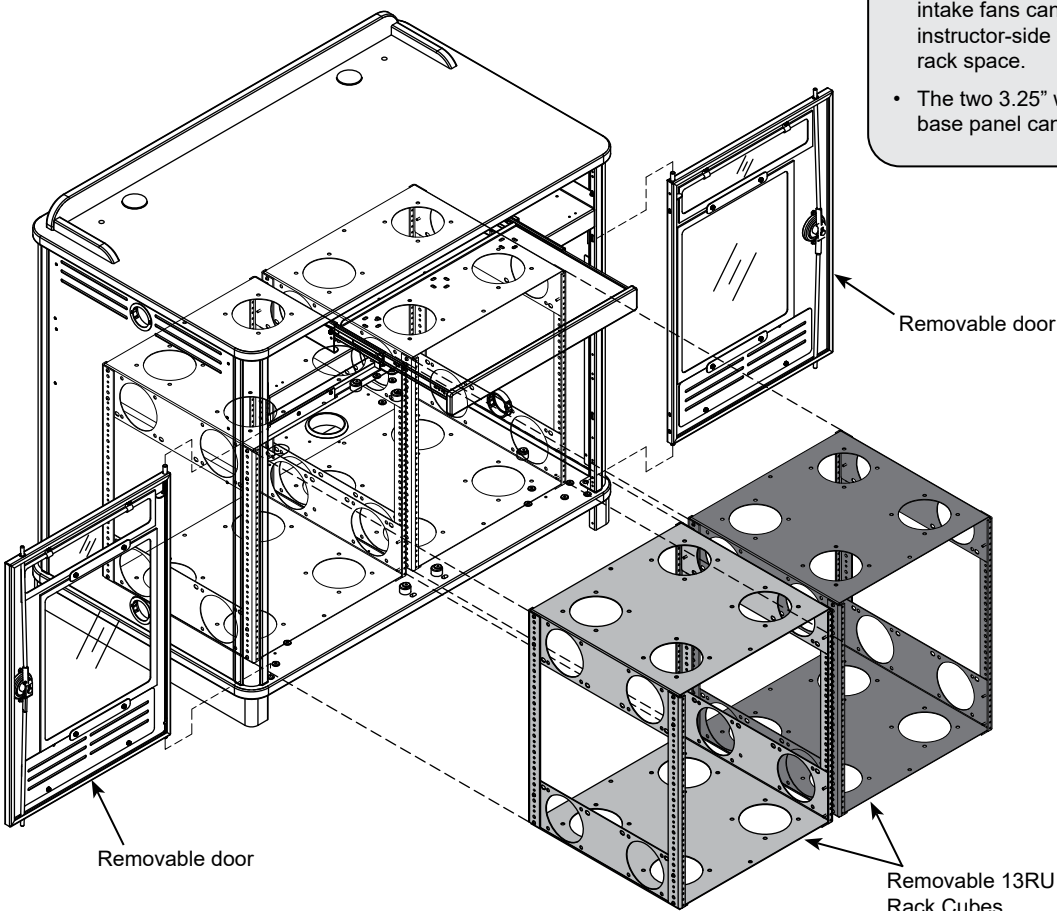

Heat Dissipation:

- The passive heat dissipating system of this lectern is sufficient for up to approximately 1600 BTU's of internal heat. Anything higher may require a forced air system.
- If a forced air system is anticipated, rack mounted intake fans can be installed directly behind the instructor-side vented door panels to draw air into the rack space.
- The two 3.25" wire management grommet caps in the base panel can also be removed to increase airflow.

- Two .375" holes (with plugs) for worksurface monitor arm mounting
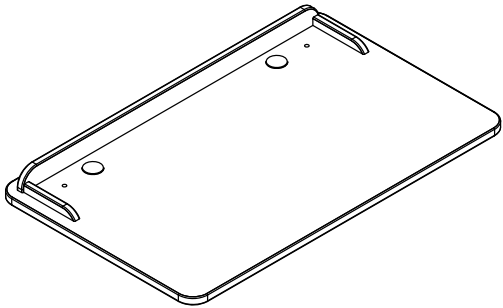

ORDER CODE S1 = | Surround

- Surround
- Two 2" grommets (with covers)
- Two .375" holes (with plugs) for worksurface monitor arm mounting
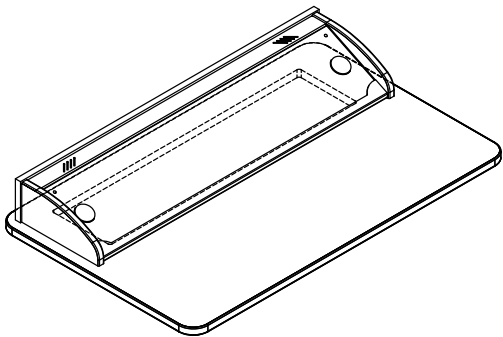

ORDER CODE B1 = | Overbridge Control Console™

- Overbridge with blank insert panel for custom cutouts (see p.13 for dimensions). (Overbridge not available separately)
- Two 2" grommets (with covers)

13RU Rack Cube(s)
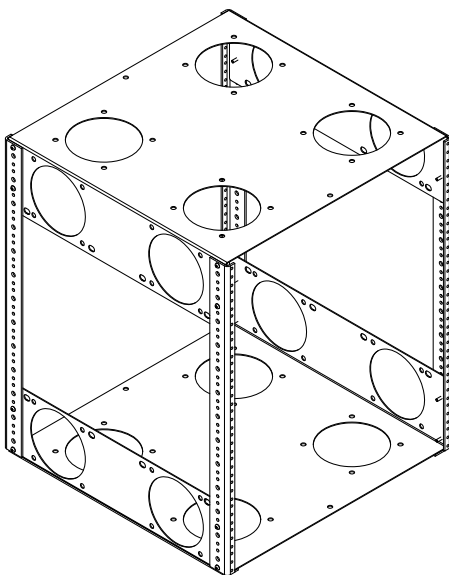

| ORDER CODE 0 =	None
ORDER CODE 4 =	Yes, one rack cube
ORDER CODE 6 =	Yes, two rack cubes

13RU Rack Cube(s)

- Provides the ability to integrate equipment remotely before installation into the lectern
- Up to two rack cubes can be installed into the Director Lectern
- Polyethylene slides on bottom for easy removal

- Can be secured to base panel
- Cooling fan compatible
- Color: black
- Factory-installed

Rack rail:	13RU front and rear
Dimensions:	19.125"W [48.58 cm] x 19.031"D [48.34 cm] x 23.125"H [58.74 cm]
Mounts for cooling fans:	Compatible with most 4.7" fans with 4.13" mounting hole spacing (12 mounting locations available)
Unit weight:	25 lb [11.4 kg]

Note: If rack rail mounting is needed in the lectern, the rack cube must be specified. The lectern does not provide any rack-mount capabilities without the cube.

ORDER CODE 0 =	None
ORDER CODE C =	1 shelf, Matching laminate
ORDER CODE D =	2 shelves, Matching laminate
ORDER CODE E =	1 shelf, Chalk white dry erase (WD)
ORDER CODE F =	2 shelves, Chalk white dry erase (WD)
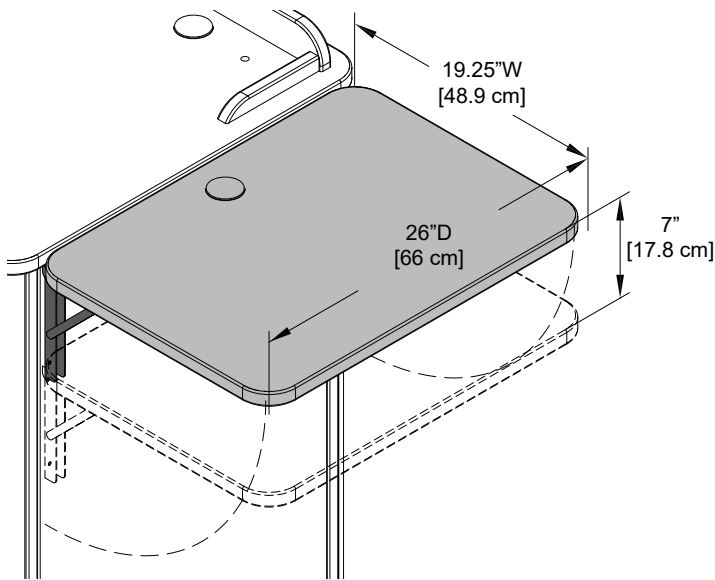

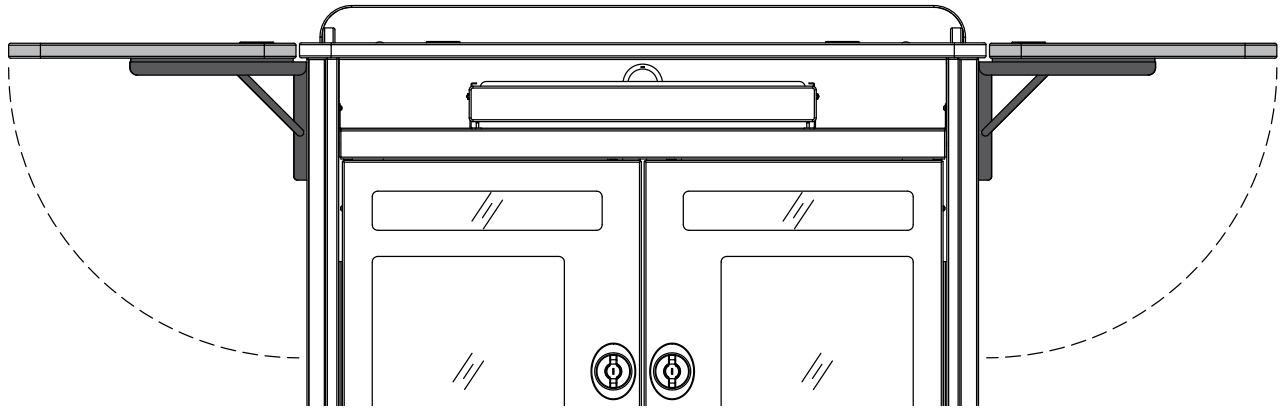

Flip-Up Shelf

- Matching laminate
- Shelf hinges lock into place in the upright position
- Includes 2" grommet
- Two height-positions available
- Available in White Chalk Dry Erase laminate. Flip-up shelves configured with white laminate will have the same edgeband color as the worksurface and base panel.
- Factory-installed level with worksurface (Customer can install to lower position if necessary)

Weight capacity:	35 lb [15.9 kg]
Dimensions:	19.25"W [48.9 cm] x 26"D [66 cm] x 1"H [2.54 cm]
Height positions available:	• 41"H [104.1 cm] (level with worksurface) • 34"H [86.4 cm]

Note: Power and communication wiring for document cameras, laptop computers, and/or projectors placed on the flip-up shelf should be routed on top of the audience-side of the shelf. Use of the shelf grommet hole for wiring will result in pinching of the cords when the shelf is folded.
